

## **The Astrology of Outer Planetary Transits: Uranus, Neptune and Pluto**

*Uranus, Neptune and Pluto break open, dissolve, and transform our consciousness.  
Awareness of the time periods that these gods are pressing their demands for change within  
can help us to cope with the manifestation of their presence in our world.*

This class on the transits of the outer planets, Uranus, Neptune and Saturn, will demonstrate how to record and interpret these transits from a psychological astrology perspective. The student will learn how to read an ephemeris of planetary transits and a computer printout, and place them in the natal chart. A simple method for charting the transits and the aspects to the natal chart will be demonstrated using a grid. The class will practice interpreting transits from a psychological perspective.

Objectives:

1. Learn the length of the outer planetary cycles of Uranus, Neptune and Pluto.
2. Learn to read a planetary ephemeris.
3. Learn to place the outer planet transits around the natal chart.
4. Learn how to create a grid of the aspects of outer planetary transits to the natal chart.
5. Learn the mythology and meaning of the outer planets Uranus, Neptune and Pluto.
6. Learn how to interpret psychological meaning of the outer planets through practice on student charts.
